and 5 megapixels.

# Helmet HERO WIDE

Wearable video camera

Introducing the 5 megapixel **Helmet HEROWide** wearable sports camera. Sporting a new 5MP sensor, improved low light performance, faster "Photo every 2 seconds" mode, and mega-wide 170 degree lens...this is the highest performance HERO camera, yet.

Shoots 56 minutes of video and 5MP photos, automatically.

Quick-release mounts to any helmet, bike, boat, skate, or other gear you can think of. Waterproof to 100'/30m.

Additional accessories available, including:

- Ride HERO seat post mount
- Grab Bag of extra mounts
- CHESTY the chest mount

**Helmet HERO Wide.**

**Wide HERO** "camera and housing only" kit for existing **Helmet HERO** owners. Mounts not included.

**GoPro**  
Be a **HERO**.

# Surf HERO™

On-board video™ camera

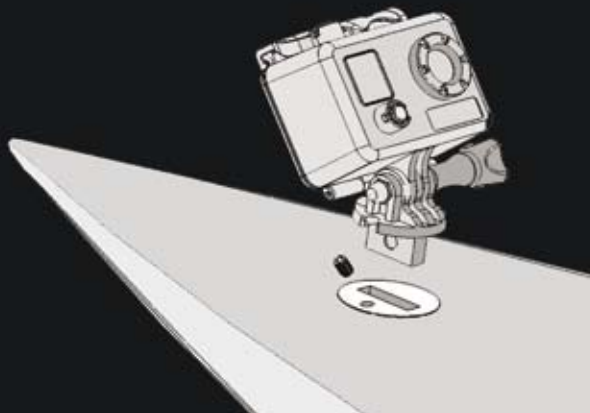

Actual Surf HERO video still.

The Surf HERO is a quick-release board-mountable mini digital camera. Shoot 56 minutes of video with sound or 5 megapixel photos automatically for over an hour while you surf. Waterproof to 100'.

### The Surf HERO includes two removable mounting options.

Included are a stick-on baseplate and FCS™ compatible plug mounting system. Both systems allow the camera to be quickly attached and removed from your surfboard.

The sleek fin plug system requires an FCS™ center fin plug to be installed in top deck of board 9" -11" back from shortboard nose or on nose of longboard.

Actual Surf HERO photo and video.

Actual video stills.

Suction cup included.

The Motorsports HERO Wide is a waterproof wireless digital video camera for motorsports. Its quick-release design simplifies click-mounting the camera to your car, motorcycle, helmet, etc. Developed at the track, the camera shoots TV resolution 30 fps wide angle video with sound tuned to capture the grunt, squeal, and stoke of driving or riding at the limit. Records 56 minutes of video to a 2GB SD card (not included). 2 NiMH or Lithium AAA batteries will last for 2 hours of video recording. Also shoots 5 megapixel still photos and a "Photo every 2seconds" mode makes automatic photo taking simple. Kit includes digital camera, housing quick-release mounts, flat surface baseplates, curved surface baseplates, and powerful triple pivot suction cup. Works in sub-zero temperatures when using Energizer Lithium batteries.

- + Quick release mounting system and drift-approved suction cup included.
- + Records 56 minutes of video to 2GB SD cards
- + Auto-photo capture 5MP stills every 2 seconds
- + Waterproof 100' / Shockproof
- + One year warranty
- + No wires

# Digital HERO 5

sports wrist camera

The Digital HERO 5 is a shockproof/waterproof wrist camera that makes it easy to shoot digital video and photos during your favorite activity. Miniature size and patented versatility combine with TV resolution video and 5 megapixel photos to form world's most convenient sports camera.

The Digital Hero 5 is also compatible with these expansion accessories from GoPro:

- Helmet HERO Expansion helmet mounting kit
- Motorsports HERO vehicle mounting kit
- Ride HERO bike seat-post mounting kit when used with universal quick-release housing.

- 56 minutes TV quality video w/sound
- 5 megapixel sensor with glass lens
- 3X sequence photo burst
- Photo every 2 or 5 seconds mode
- Adjustable sound recording levels
- Programmable power off settings
- Always On Mode lasts 3+ hours
- Supports up to 2GB SD cards
- Waterproof to 100'
- 4.5oz flyweight
- 1 year warranty

\* straps to kayak paddles and more.

To film for up to 56 minutes or take more than 3500 colour photos, purchase the **2GB SD Card** at [www.x-tremevideo.com](http://www.x-tremevideo.com)

- High speed data transfers
- Low power consumption
- Huge capacities available

GoPro and X-treme Video recommend **Energizer LITHIUM** batteries for maximum performance from your GoPro Camera.

**Chesty** is a chest mount that is perfect for skiing, mountain biking, motocross, paddle sports, or any activity where you want to get a "lower than the helmet" view of the action.

**Roll Bar mount** will fit tubes and shapes 1.4" to 2.5" in diameter.

**Tripod Mount** fits any tripod.

## Replacement Parts
